Witte Ready Mix

They will receive one month of Internet Service for free.

NEW NUMBER IN TOWN: 511

In July of 2000, the FCC designated 511 as the standard national traveler information number. In Iowa, the Iowa Department of Transportation (IDOT) is planning to launch 511 on November 21, 2002.

This number will provide information for comprehensive statewide road and weather conditions. After November 21st when dialing 511, listen for the prompts to get to the region in Iowa that you need to check the weather for.

Why do you keep getting e-mail messages from people and companies you have never heard of?

Similar to traditional mail, sometimes (okay - many times) you get mail you didn't request (aka SPAM). More than likely, you received the "spam" as a result of one of two things:

- 1) You may have submitted your e-mail address to a website from which you were requesting more information. When you clicked the "I AGREE" button without really reading the multiple pages of privacy disclaimers, you may have given that particular website permission to sell your e-mail address to third parties.
- 2) Your e-mail address may have been harvested with millions of others from forwarded e-mail messages. Have you ever received an e-mail message addressed to you and dozens of other people? If that message gets into the wrong hands, your address, along with the others, could be added to a list of e-mail addresses that is then sold to marketers. This is why we recommend using the "bcc:" feature when sending your e-mail message to multiple addresses.

NEW DIRECTORY LISTINGS AND UPDATES
